Light tail wind conditions 720m

Welcome to Birmingham Regatta 2018. We thank all the clubs for their entries, especially those new to Edgbaston Reservoir, and many who have travelled a long way to be here today.

IMPORTANT NOTICES

1. When on the water, for reasons of safety, all crews **MUST** obey the one-way system in the warm up area. This is displayed on maps at Control Commission and in the Registration tent.
2. Numbers must be worn by bow, and also in the boat Empacher slot. Numbers will only be given out after all entry fees have been paid. **All numbers MUST be returned when you come off the water.**
3. Please be ready to leave the boating area 20 minutes before your race time bearing in mind any queues which might have formed. Boats may be checked at Control Commission and it is helpful if you check that it complies with the Water Safety Code before you join the queue. All crews for each event should boat together.
4. All crews may be checked for correct club dress, and all equipment may be examined. All coxswains will be weighed at the Registration tent and must report with dead weights as required.
5. All crews **should** stay on the water until they have completed all their races in an event.
6. Winners of events will be decided on a league system. The event winner is the crew with the most wins, or in the event of a tie the result of the race between the tied boats and then fastest time.
7. The start will be from stakeboats with a stern on start.
8. Marshals will call crews up to start, please be in range of them when it is close to your race time.

The Committee reserves the right in its absolute discretion to alter the programme if necessary.

The nearest A&E department is within half a mile. There is a phone at registration and race control. The address is Edgbaston Reservoir off Reservoir Road.

All of the events are run as round robins rather than conventional knockouts. A league table is constructed for each event and those with the most wins win the event. If an equality of wins the aggregate time or (if no time is taken) the winning distances is used to decide the winner.
